## *A Legacy of Service...*

In 1925, Helen Keller challenged the Lions to become "knights of the blind in the crusade against darkness." The Fairmont Lions Club continues to keep sight conservation as one of its most important projects. Each year the club provides eyeglasses for many needy individuals in our community.

The Fairmont Lions Club has provided blind persons with dog guides and white canes. We can also provide services such as cataract surgery through our association with the West Virginia Lions Sight Conservation Foundation.

Annual Union Mission Christmas Party

## *Other Projects*

For over 60 years, the Fairmont Lions Club has sponsored a Christmas Party for Fairmont's less fortunate children at the Union Mission.

The club also sponsors youth to attend Mountaineer Boys State, Girls State, and other youth leadership programs and camps.

Recreational programs including skiing, bowling and camping for the children at the Romney School for the Deaf and Blind are also supported by the club.

## *Membership Benefits*

The time you spend with the Lions will yield an added dimension to your personal and professional life.

The Lions club provides opportunities to develop leadership ability whether through organizing a service project or leading a fund raising activity.

Communicating with others on local issues can enhance your public speaking and communication abilities. Budgeting for projects and motivating others will also improve professional characteristics.

As a Lion, you will have opportunities to network and interact with other professionals who come together to work toward common goals to make Fairmont a better place to live, to work, and to raise a family.

Time as a Lion is time well spent.
